The territorial marketing division
under the direction of the U. S. ex-
periment station is at the service of
all citizens of the territory. Any
produce which farmers may send to the
marketing division is sold at the
best obtainable price. A marketing
charge of 5% is made. It is highly
desirable that farmers notify the mar-
keting division what and how much
produce they have for sale and about
when it will be ready to ship. The
shipping mark of the division is U. S.

HOW AMERICAN COMMISSION FOR BELGIAN RELIEF CARRIES ON WORK

Herbert C. Hoover, whose name has
reached Honolulu as chairman of the
American commission for Belgian re-
lief, is known to a number of people
here. Hoover is one of Stanford's
most famous graduates, member of
the board of trustees, and a consulting
engineer with headquarters in London
and San Francisco.

Mrs. Hoover is also actively interest-
ed in the relief work. She arrived at
San Francisco a few days ago and a
San Francisco paper said of her work:

"Thousands of Americans who were
traveling in England and upon the
Continent found themselves quickly
without funds, facing hardship and
danger. The officials of the British
government, as well as the leaders of
the British commercial world, were
too distracted with the war to solve
the difficulties of these stranded trav-
elers.

"The remainder of the narrative
was left to be told by friends of Mrs.
Hoover. They told how this American
woman had stepped into the task, as
head of the relief committee, and as-
tonished London with her efficient
methods."

A London despatch says:
The expedition and thoroughness
with which the American commission
for Belgian relief is arranging to dis-
tribute food among the sorely stricken
people of Belgium is shown in the
following telegram which Herbert C.
Hoover, chairman of the commission,
received from Capt. F. E. Lacey, who
is in Rotterdam arranging for the
shipment of supplies into Belgium.

"I have made arrangements to ship
by river steamer the first consignment
of supplies. We can unload the
steamer from England three hours
after arrival here. All details have
been arranged with the Dutch govern-
ment for allowing food supplies to
cross the Dutch frontier, and all facili-
ties will be given us for their impor-
tation.

"The American and German consuls
here are actively co-operating with
me. I have received 150 cards stamped
by the German government in Berlin
instructing all their authorities to al-
low food to be forwarded without any
interference to the American minister
at Brussels for the destitute Bel-
gians."

Urgent Need of Relief.
Millard K. Shaler, who also is in
Rotterdam, sent the following tele-
gram authorizing his investigation
into the situation and showing the
urgency for relief:

"I have visited The Hague today
and saw Henry Van Dyke, the Ameri-
can minister, who last Saturday and
Sunday personally visited Antwerp
and other places in Belgium. Van
Dyke said:

"The problems of food and employ-
ment in Belgium during the winter
are going to be very severe. It is
possible that the problem of food even
here in Holland may be difficult."

"I gather that Antwerp is not much
injured, but even there the problems
of water supply, food and employment
are acute. Waelhem, Malines, Duffel
and Lierre are reduced to ruins and
cannot receive their original popula-
tions. The resumption of industries
in small towns is impossible and a
great portion of the land under culti-
vation has been laid waste.

Holland Gives Aid.
"Henry Albert Johnson, American
consul at Ghent, is visiting here to-
day. He says the need for food is
very great. He will heartily cooperate
in its distribution. One of the mem-
bers of the Brussels committee arrived
here from Brussels this morning. He
urgently appeals for relief for the suf-
fering population, particularly those in
Brussels, Charleroi and their neigh-
borhoods.

"Minister Van Dyke's tour of inves-
tigation reveals the fact that while
the Dutch people have risen magnifi-
cently to the task of caring for Bel-
gian refugees now in Holland, great
distress continues.

"At Rotterdam and Bergen on
Zoom there are two camps with 25,000
refugees, mostly women. Many of
them have tiny babies or larger chil-
dren. Their condition is pitiful. They
are terrified; they have no money.
There are various kinds of illness
among these refugees, but no epidemics."

HOW THIN PEOPLE CAN PUT ON FLESH

A New Discovery.

Thin men and women—that big,
hearty, filling dinner you ate last
night. What became of all the fat
producing nourishment it contained?
You haven't gained in weight one
ounce. That food passed from your
body like unburned coal through an
open grate. The material was there,
but your food does not work and stick,
and the plain truth is you hardly get
enough nourishment from your meals
to pay for the cost of cooking. This
is true of thin folks the world over.
Your nutritive organs, your functions
of assimilation, are easily out of gear
and need reconstruction.

Cut out the foolish foods and
fancy savoury diets. Omit the
flesh cream rub-ons. Cut out every-
thing but the meals you are eating
now and eat with every one of those
single Sargol tablets. In two weeks
note the difference. Five to eight good
solid pounds of healthy "stay there"
fat should be the net result. Sargol
charges your weak, stagnant blood
with millions of fresh, new red blood
corpuscles—gives the blood the carry-
ing power to deliver every ounce of
fat-making material in your food to
every part of your body. Sargol, too,
mixes with your food and prepares it
for the blood in easily assimilated
form. Thin people gain all the way
from 10 to 25 pounds a month while
taking Sargol, and the new flesh stays
put. Sargol tablets are a scientific
combination of six of the best flesh-
producing elements known to chem-
istry. They come 40 tablets to a pack-
age, are pleasant, harmless and in-
expensive. For sale by Benson, Smith &
Co., Chambers Drug Co., and Hollister
Drug Co.—advertisement.

200,000 AMERICANS EAGER TO ENLIST

LONDON, Eng.—Major-gen. Sam
Hughes, Canadian minister for militia
and defense, declares that it will be
impossible to keep Americans from
joining the ranks of the Canadian
volunteers.

"We are prepared," he said, "to
furnish 300,000 men. Fully 200,000
Americans have gone to Canada hop-
ing to join the Canadian forces, and
how will they be prevented from doing
so if it is their desire to join?"

The general expects to return to
Canada shortly. Many members of
the Canadian contingent have visited
London in the last few days. Relat-
ives of some of the officers came to
England to meet the troops when they
arrived.
